Education

| | |
|--|-----------------------------------|
| Technocrats Institute of Technology <i>Master of Computer Applications (MCA)</i> | Bhopal, MP Jul. 2025 – Present |
| Makhanlal Chaturvedi National University <i>Bachelor of Computer Applications (BCA) – CGPA: 7.55</i> | Bhopal, MP 2022 – 2025 |

Experience

| | |
|---|---|
| Full Stack Developer Intern <i>KodNest Technologies Pvt. Ltd.</i> | Jul. 2025 – Present Bengaluru, India |
| Freelance Web Developer <i>Remote</i> | Feb. 2025 – Jun. 2025 Self-Employed |

- Developed scalable RESTful APIs using **Java (Spring Boot)** handling data processing for enterprise applications
- Built dynamic, responsive user interfaces using **React.js**, ensuring seamless integration with backend services.
- Designed normalized database schemas in **MySQL** and optimized queries, reducing data retrieval time by 20%.
- Collaborated in an Agile environment using **Git/GitHub** for version control and CI/CD pipelines.

- Designed and deployed custom websites for local businesses using HTML, CSS, and JavaScript.
- Integrated secure payment gateways and optimized site performance for e-commerce clients.
- Ensured 100% cross-browser compatibility and mobile-first design implementation.

Projects

| | |
|---|--|
| Online Food Ordering App <i>React, Redux, Spring Boot, MySQL, Docker</i> | - Engineered a full-stack e-commerce platform featuring distinct user roles (Admin/Customer) and real-time order tracking. - Implemented JWT authentication for secure user login and session management. - Containerized the application using Docker and deployed on AWS for consistent production environments. |
| LivePixel - Media Management <i>JavaScript, REST APIs, CSS3</i> | - Developed an API-based platform allowing users to search, describe, and download high-resolution images. - Optimized API calls to handle large datasets efficiently without compromising UI performance. |
| UI Component Library System <i>HTML5, CSS3, JavaScript</i> | - Created a repository of reusable, modular UI components to streamline future frontend development tasks. - Documented coding standards and best practices for responsive design and accessibility. |

Technical Skills

| |
|---|
| Languages: Java, Python, JavaScript (ES6+), SQL, HTML/CSS |
| Frameworks: Spring Boot, Hibernate, React.js, Redux, Node.js, Express.js, Django |
| DevOps & Cloud: Docker, Kubernetes, AWS (EC2), Jenkins, Git, GitHub |
| Databases: MySQL, MongoDB, Oracle, SQLite |
| Tools: IntelliJ IDEA, VS Code, Postman, JIRA |

Certifications

| |
|--|
| Oracle Cloud Infrastructure (OCI): 2025 Certified Data Science Professional |
| Backend Specialization: Node.js + Express.js + MongoDB (Knowledge Gate) |
| Frontend Specialization: React and Redux Certification (Complete Coding) |
| GIAC Python Coder: Python Programming Certification (Great Learning) |
